

CTS Presents The San Diego MEN'S PELVIC PAIN SUPPORT GROUP

- Chronic Pelvic Pain Syndrome
- Chronic Prostatitis
- Pelvic Floor Dysfunction
- Chronic Non Bacterial Prostatitis
- Urinary issues including urgency and frequency
- Undiagnosed pain in pelvic area, bladder, genitals
- Interstitial Cystitis
- Defecatory Disorders

**1 in 12 men suffer from pelvic pain
and most suffer in silence.**

**Let's gather together and share our experience
and resources. Together we can heal & help
others get on the road to recovery.**

We can help. If you've suffered from any of the above conditions or any pelvic pain, you know how frustrating it can be to find answers and the hopeless feelings that can creep into your head. The San Diego Men's Pelvic Pain Support is a forum to discuss your condition. Pelvic pain can be difficult to talk about openly so this group is for men only and lead by men. (We will have some female subject matter experts periodically).

We will meet at Comprehensive Therapy Services, Inc., a physical therapy clinic specializing in the treatment of pelvic pain and dysfunction.

Comprehensive Therapy Services, Inc.

5677 Oberlin Drive, Suite 106, San Diego, CA 92121
